- Javascript
- Angular
- Meta business suite
- Laravel
- Figma
- Photoshop/Illustrator
- HTML/CSS
- Unity
- Odoo
- Scrum

SOFT SKILLS

- Leadership and team oriented
- Innovation and creativity
- Problem solving
- Time management

Languages

- Arabe: Native speaker ●●●●●●
- Français: advanced ●●●●○
- Anglais: advanced ●●●●○

Hobbies

- Traveling
- CAMPING
- MUSIC
- CINEMA
- GRAPHIC DESIGN

ABOUT ME:

As a software engineering student, I am passionate about creating innovative and efficient solutions to complex problems. My strong foundation in programming languages such as SQL, Python, and Angular/Laravel allows me to build applications that are both user-friendly and scalable.

Also I have worked on Academic projects to build websites using HTML / CSS / JS.
I am a quick learner and always eager to expand my knowledge in the field of software engineering. In my free time, I enjoy exploring new technologies, and take online courses.
In the current time I am searching for an opportunity of an internship within a company in which their expertise is not limitited to IT engineering service but also Data science , ML and AI .

## EDUCATION:

Expected year of graduation: 2024

Present — Software engineering student
EPI: Ecole Pluridisciplinaire internationale, Sousse

July 2020 — High school diploma
Ibn Sina High school, Msaken, Sousse

INTERNSHIPS

2023 — Internship at AXIA SOLUTIONS
- Design and Creation of frequently asked questions (FAQ)

ACADEMIC EXPERIENCE

- **AI Hackathon**
Data processing and creating a machine learning models
2023

- **Kaggle Course project**
Intermediate Machine Learning: Handle missing values, non-numeric values, data leakage.
2023

- **Udemy Course project**
Data Science for Business | 6 Real-world Case Studies
2023

- **Coursera Course project**
Scrape and analyze data analyst job requirements with Python

- **Creation of Pivot table project in excel**
In the context of a workshop subject "Conception TB et Scoring TP" I have used the Pivot table tool to analyze and summarize data.
2022

- **Udemy Course project**
Exploring Data with libraries: NumPy, Pandas, Seaborn and Matplotlib
2022

EXTRACURRICULAR ACTIVITIES

2023-Present — Member of "Atast" Club in EPI
- Participant in ai and cybersecurity Hackathon

2022-Present — Member of "Gaming Freaks" Club in EPI
- Organizing events and workshops
- Participant in "Unity" workshop

2021-Present — Member of Google developer students club
- Participant in "PHP learning" Workshop

CERTIFICATIONS

- Certificate of participation in CyberBenders AI Hackathon
- Microsoft Office specialist: Excel associate
- Certificate of participation in "Metaverse Tunisian summit 2022"
- Certificate of participation in "UI / UX Workshop"
